

ISPS'10 VISITORS' GUIDE

Dear participant of the ISPS'10,
Please, give attention to following information.

REGISTRATION

The registration of the ISPS'10 participants takes place at the Faculty of Electrical Engineering of the Czech Technical University, Technicka 2. The location you can find at the map attached (a yellow arrow).

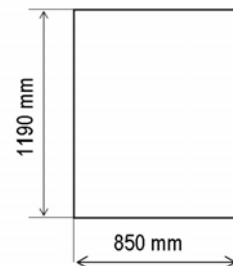

PAPER PRESENTATION

Oral presentation:

Data projector will be to use for the paper presentation. It is necessary your presentation in PowerPoint to be loaded into the computer in the conference room before starting the Session. It would be useful to send us the presentation in advance to be proved.

Poster presentation (Dialogue session): posters up to A0 (portrait). The maximum available area is demonstrated on the figure.

ACCOMMODATION

You have arranged your accommodation by yourself. If you would need any advice about finding the way to the University, please, contact the Organising Committee.

PUBLIC TRANSPORT

The public transport in Prague is of a good standard. Metro, trams and buses allow easy and cheap connection of different parts of the city. Tickets are valid for one hour (transfers are permitted) and cost 26 CZK (Czech Crowns) each, transport of large luggage is charged by 13 CZK. For short trips (less than 20 minutes in tram or bus or at maximum 5 stations in Metro) you can also use tickets of 18 CZK.

From the railway station you will get easy using Metro to the station "Dejvicka" on the line A. If you arrive by a plane, the bus line No.119 makes connection between the airport and the Metro station "Dejvicka". We can advice you how to find your hotel using public transport. If you use taxi, the fare should be about 30 CZK/km (from the airport are special fares, about 600 CZK to the city centre by taxi, 100 CZK using microbus services). For your orientation, 1 EUR is about 25 CZK.

Looking forward to meeting you in Prague,

ISPS'10 Organising Committee
